## Desirable Farm for Sale.

A fine farm of about 100 acres of well improved land lying about 1 mile South of Pickens. A portion of this farm we guarantee to produce from one to two bushels of cotton per acre. This farm is located on the corner of the Kirtsey road which runs out to Easley and is about 75 acres of the Mar Murphy farm, on which 26 bales of cotton were made last year, besides plenty of corn and other feed stuff. New 7 room house, good barns, outbuildings, two tenant houses, two pastures with running water through each one. This is one of the most desirable farms on the market today anywhere. It is close to a live town and good grand school and churches and in good neighborhood and is just the place for any one looking for a good home or an investment that will bring him a nice income. W. P. Stewart whose lands adjoin this farm will show you this valuable place. Better see this place at once as it is being offered for a short time only at the low price of \$5 per acre. For terms apply to:

**REAL ESTATE**

**PICKENS, S. C.**

See us when you want a nice town to build upon, or good farming land in Pickens or in this county. We will be delighted to show you what we have we feel sure that we can interest you. Now is the time to invest in real property before it increases in value.

**Carey & Chastain,**

**Main St. Pickens, S. C.**

Phone No. 33. Office over Freeman Building.

**WE HAVE THEM.**

The old reliable "Mason" Porcelain-lined Fruit Jars—prices right. Or if you want to put your fruit and vegetables up in any old thing (not air tight) get our "Sure Keep" Fruit Powder; 60 cents a box. Will keep 40 pounds as fresh as when gathered.

FLOUR?—Well, it is so cheap that if we were to tell you the price you might be tempted to feed your wheat to the mules and buy our high grade flour. But don't do that, because Mr. Patton, or some other speculator, might get on the market and make you pay a high price again before another crop is made.

CORN MEAL! Yes, the old-style ground meal at \$1.00 the bushel. Good and fresh.

SUGAR! Just think of getting 16 pounds of good sweet Granulated Sugar for \$1.00 here in blackberry time.

A good line of Shoes, Hats, Sunday Shirts, Work Shirts and Work Pants—all to go at bargain prices.

Yours for Business,

**W. B. Freeman,**

P. S.—Bring us your Hams, Eggs and Chickens and get full value for them.

**Soda water of Different Makes.**

It's a mistake to suppose that because the same names are used for drinks put up by different manufacturers that the goods are identical, either in flavor or strength. The fact that drinks known as Ginger Ale, Lemon Sour, Strawberry, Peach, Root Beer, Cream Soda, and other flavors, are put up by all soft drink manufacturers, is no standard by which to judge quality. One may be far superior in every way to the others. We know our drinks are equal in strength to the best placed upon the market of today and far better than some. The way to judge the merits of flavors is by tasting them, not only in testing them, but by making a COMPARATIVE test.

Knowing that our flavors are "all wool and a yard wide," we invite comparison with others. We make the best goods we can, without regard to standard of competitors, and never do we change a formula unless we find a way to improve it.

We believe that all things being equal, (careful handling of orders and correspondence and fair dealing with customers) QUALITY is sure to win success; not only for us but for all those fair-minded men who handle our goods also, and we solicit patronage on that basis.
